Dear Parents

With reference to the Notice No. 1120/2019 dated 18 April 2019 and the meeting on 16 April 2019 preceding it, we are pleased to invite you along with your ward to the first Career Fair in the School Premises of the session on 10 August 2019 from 10.30 am onward.

With a number of circulars, CBSE instructs the affiliated schools to conduct Career Counseling Sessions to help the students to know their abilities and aptitudes and accordingly channelize their potentials to pursue right careers. In this regard, we have collaborated with Identity Behavior and Career Counseling Centre (IBCCC) which has rich experience in counseling students at school, college and university levels and also has an impressive media presence to set up a Career Counseling Centre on the School Campus. We thank you sincerely for your cooperation for this initiative and also inform you to collect the money receipt from your wards for the contribution you have made for this.

The complete event schedule of this yearlong programme and other additional features are mentioned overleaf. Please go through the same and let's help our children to find their passions to grow as successful citizens of the country.
